EMPLOYEE

Add Robot

Affect a robot to a delivery

Add Drone

Affect a drone to a delivery

## Add / Remove a product to the stock

- . Add String product name to the *Product* text field.
- . Add price of the Float product in the *Price* text field.
- . Add quantity of the product Int in the text field *Quantity*.

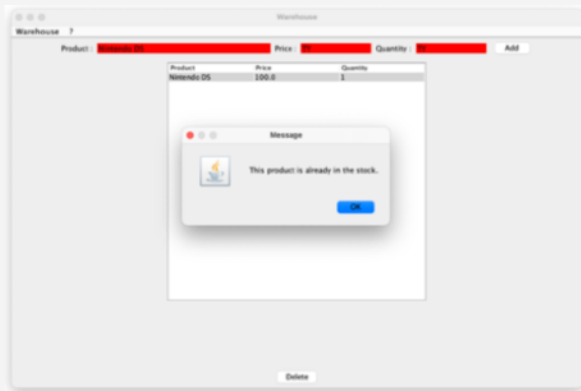

Each product is added in the stock history.

To delete a product, click on the product in the stock history and press *Delete*.

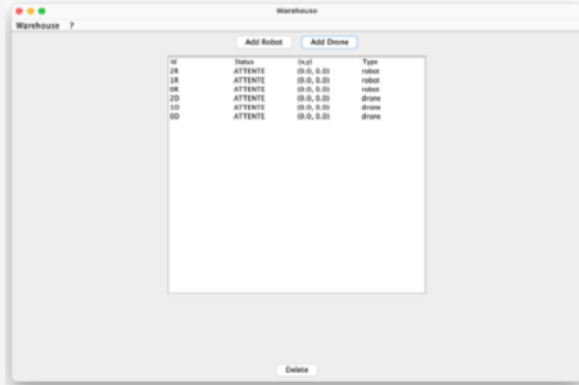

Green field : respect of input types. Red field: not respecting the input types.

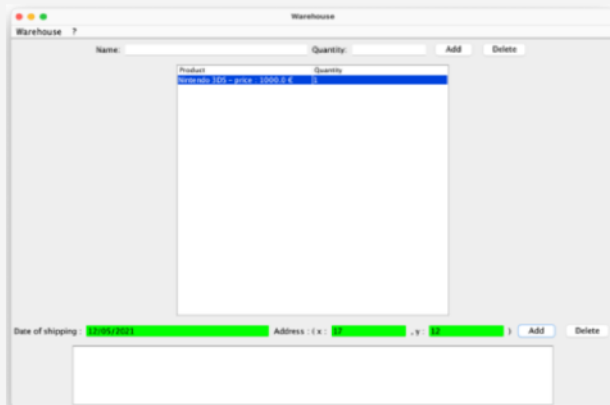

Lors de l'ajout d'un produit déjà en stock, une fenêtre pop-up averti l'utilisateur par le message : « *This product is already in the stock.* ».

## Affecter un robot / un drone à une livraison ou le mettre hors service

Cliquer sur *Add Robot* pour mettre un robot en service.  
Cliquez sur *Add Drone* pour mettre un drone en service.

## Ajouter un produit dans un panier

## Renseigner la date et l'adresse de livraison du produit

## Tutoriel et contacts
